

FAITH ON VIEW PUBLISHES THE MOST COMPREHENSIVE CHRISTIAN COLLEGE AND
UNIVERSITY RANKING FOR 2025

A fresh approach to finding the right Christian college

CLEVELAND, Tenn.- April. 3- Faith on View has released the most comprehensive [Christian College Rankings](#) available in the United States, evaluating 323 colleges serious about their Christian commitment.

The rankings break through the arbitrary groupings of more typical approaches, making it easier for students and their families to meaningfully compare colleges across the country, regardless of state, region, or size. Exempted from Faith on View's rankings are religiously affiliated schools that do not appear distinctly Christian.

Explaining the value of the rankings, Faith on View founder Rondall Reynoso said, "There was no way to directly compare the quality of a national university to that of a regional liberal arts college or to compare regional schools in adjoining states yet considered to be in different regions according to a ranking."

The number of students seeking a distinctly faith-focused education has steadily increased, with U.S. Christian colleges now serving over 1.1 million students annually. Until now, numerous Christian colleges have been overlooked despite positive attributes due to the lack of a robust tool allowing adequate assessment of their strengths.

Rondall Reynoso founded Faith on View in 2013 and has taught at Christian colleges for over a decade.
